APRIL 11th - EQUIPMENT EXCHANGE AND AUCTION

For parts, equipment items, and an evening of fun, be sure to attend this one! Your extra equipment may be just what another club member has been looking for. Clean out your ham shack while the XYL applauds! Bay Rowan will again be the master of ceremonies, and the guidelines are as follows:

- I. Items for exchange can be tendered in two ways:
 - A. Donate the item to the club.
 - B. Maintain ownership
 - a) The club will deduct 10%.
 - b) Owner may stipulate minimum sale price.
- II. Items for sale will be accepted from club members only. Anyone may submit donated items.
- III. Sellers must remove unsold items from premises.
- IV. The Master of ceremonies may -
 - A. Bid for his own account.
 - B. Combine donated lots.
 - C. Asked for reduced minimum sale price.
- V. High bidders must consummate their purchases immediately.

Be at the New Providence Library at 8 pm, Monday, April 11th. Contact Bay Rowan, W2GKF, 464-5090, if you have questions.

Field Day Chairman Appointed!

Wilbur Fulton, W2SE, whose call NPARC has used for the last several years will be our 1977 Field Day Chairman. This year the dates are June 25th and 26th. Let's all help Wilbur to make this one the best ever! Station managers, an antenna chief, etc., are still needed. Ralph Elspass, WB2AMF, will be our power manager.

Club Chatter

John Myrick, WA2TKU, is looking for field trip prospects for this summer. Bob Latter has suggested a trip to Crawford Hill to see BTL's new million dollar research antenna that is designed for frequencies up to 300 GHz! Any comments or suggestions? John Sheets has the new ARRL forms for regular and life membership. The license classes have #1 in both the Novice and General sessions and are at the half-way point. The students need receivers, transmitters, telegraph keys, etc. See Bob Craig or Bob Brown if you have any of these items for loan or sale.

For Sale
