New Providence Amateur Radio Club, Inc.
P. O. Box 813, New Providence, N.J. 07974

Feb. 1972
Vol. 7, No. 2

Flash HARRY J. DANNALS, W2TUK, has been elected President of ARRL. We extend our heartiest congratulations to him and hope his years in office will be rewarding both to him and to the world of amateur radio.

Program ARRL PRESIDENT TO SPEAK AT FEBRUARY 14, 1972 MEETING
BELL LABS AUDITORIUM - 8:00 p.m.

NPARC, MURRAY HILL ARC, and TRI-COUNTY ARC sponsors this joint meeting on February 14th. to hear the new President of ARRL, Harry Dannals, W2TUK, speak on the recent Directors' meeting and the future of ham radio.

Because of the expected big turnout to greet our new President, the meeting will be held at the

BELL LABS AUDITORIUM

The entrance to the auditorium is on Mountain Avenue, slightly west of the former main entrance of Bell Labs. It is just opposite Ryder Way and the entrance to Air Reduction. (Do NOT go to the small New Jersey Bell building that faces directly on Mountain Avenue). Park in the big parking lot at the end of the entrance road - the auditorium is the building at the left end of the road. Be there by 8 p.m. so that we can start promptly. Bring a ham or one interested in becoming one with you to this extraordinary event.

Remember ARRL PRESIDENT - FEB. 14 at 8 p.m. - BELL LABS.

Personal Charles Warner is now WB2DZM. Charles received his general class ticket in January and is eagerly working the world. Heartiest congratulations.

Pat, WB2RRI, has collected enough QSL's for WAS. However, she is too busy with WAZ, etc. to send her cards in for the certificate.

Bob Latter, W2YFM, reports a record turnout for the General License Course of study. Average 16 per session.

Club It is time to pay dues. Try and do that before or at the February meeting. New membership list will soon be made up and sent to all paid up members.

Meeting Our next meeting is scheduled for Monday March 13th. at the Summit Red Cross Building. It will be devoted to the MARS Program in New Jersey, with the State Director, WB2KOT-AFC2KOT, Don Moore as the speaker.

Net Don't forget our Sunday Night Net - Frequency 146.52 MHz; RTTY at 8 p.m. and AM at 9 p.m., E.S.T.
