

MOUNTAIN SPARK GAPS

NEW PROVIDENCE AMATEUR RADIO CLUB

Club Nets - Every Sunday - 145.8 MHz - RTTY- 8 PM / FM 9 PM

February 1983

The 1980 Olympic Torch Run

February 14, 1983 Meeting

Steve Mendelsohn, **NA2DHF**, will speak about a part of the Olympics that receives very little publicity, the carrying of the torch. The torch is carried to the site of the Olympics by a team of relay runners. Steve will relate to us the important role that Amateur Radio played in getting the torch to Lake Placid, New York for the 1980 Winter Olympics.

April 8, A date to be reserved

The annual "Equipment Exchange" (Auction) will be held on April 8, 1983. See the enclosed sheet for details.
