TO ALL MEMBERS OF THE NPARC:

I would like to thank you for a fine year of fellowship in amateur radio. The members of the Club's standing committees do a great deal to help the Club run smoothly from year to year and deserve our gratitude. Speaking of gratitude, one person whom we must all thank for providing a fine array of refreshments at our business meetings is Floyd Harvey, KA2DDG. We can always count on Floyd to have something we can all enjoy at those meetings.

I must thank the other Club officers who served in 1980 for their support and fine work. Let's all get behind the new officers for 1981 with our support.

A stimulating year of amateur radio lies ahead of us so best of success to the new officers for 1981.

Also included with this issue of Sparkgaps is a list of many fine merchants in the New Providence area as well as electronic suppliers, ham magazine & book publishers, who generally supplied great door prizes for our annual year-end dinner party. Their generosity could be repaid by your thoughtful consideration of their products and services during the forthcoming year. It helps to support those who have supported us.

I would also like to thank the Club members and their wives for their generous donations for door prizes for our Christmas party.
