NEW PROVIDENCE AMATEUR RADIO CLUB

Club Nets - Every Sunday - 145.8 MHz - RTTY- 8 PM / FM 9 PM

June 1983

Final Plans For Field Day - June 13, 1983 Meeting

June 25 and 26 are days that you should mark on your calendar. On this weekend, the **NPARC**, along with other Amateur Radio Clubs and thousands of hams will test their ability to be ready in an emergency. Help will be needed if we are to be as successful as in past years. Plans are under way to have three stations in operation, CW, Novice, and Phone. Operators are needed to cover a twenty four hour period starting at 2:00PM on June 25. Setup will begin at 10:00AM. (Lots of help needed here). At this meeting we will discuss the final arrangements and who will be doing what.

The highlite of the weekend will be a meal prepared by the famous chef of our club, Barry Cohen, **K2JV**.

Summer Season is Upon Us

This will be the last issue of *Spark Gaps* until September. I want to thank those of you who have contributed to help fill this page each month. I hope everyone has a safe summer.
