MOUNTAIN SPARK GAPS

The New Providence Amateur Radio Club, Inc. Vol. 6, No. 3

P. O. Box 813, New Providence, N.J. 07974

MARCH, 1971

President Wilbur Fulton, W2SE
Vice-President Barry Cohen, W2PDG
Secretary Barry Campbell, W2CGX
Treasurer Gordon Gibson, WN2MGD

HEATHKITS ANYONE?

This is it: The much awaited visit from Heathkit. Jim O'Brien, of the Heath Co. is to be our guest speaker at the MEETING ON MARCH 8. He will bring lots of goodies from Heath with him. The SB303 solid state ham receiver; the IB101 five digital frequency counter; the newer SM105 counter; the HW101 five band transceiver; the IM102 wattmeter; and, for the XYL's and OM's, the new microwave oven. Bring the XYL to see this wonder unit. Also your friends and be there yourself, of course.

MEETINGS TO COME:

- April 12 - Barry Cohen will show and describe a new Antenna Bridge.
May 10 - Field Day plans - discussion.

MAILING LIST CLEAN-OUT

Are your dues paid? If not, you may suddenly detect the lack of receipt of Mountain Spark Gaps! Last month we mailed 86 copies, at a cost of \$5.16 postage - plus the cost of the notice itself. We didn't expect 86 to be present but hoped for more than the 27 who were present. At the four previous meetings we had 15, 26, and 45. Economics shows it's head here. We can't afford to send notices to unpaid members. Hence, we will prune from the present mailing list those not paid-up. So... see that your dues are paid, by mailing to the Treasurer at the above address or see him at the March meeting. We want you to be informed about the Club activities .

Please check the mailing label on this notice and if any corrections are needed, notify John Sheetz, W2AGI now!

ARRL MEMBERSHIP AND 73 MAGAZINE

Are you an ARRL member? If not, better join. If so, be sure to renew - thru the Secretary of our club. We get a rebate that way. This holds good for QST and 73 magazines.

TWO METER NET ON 146.52 k.c. ON SUNDAY NIGHTS AT 9 p.m.

We had the largest February Net on the 28th. - eleven, including Ye Printer. Only three "regulars" did not show. Everyone has a good signal now. We welcome Irv Perry, W2ARL, home again - he was on the net last Sunday.

BELIEVE IT OR NOT:

Ye Printer got a QSL card from PEKING, CHINA. How about that for DX?
