NOTE NEW MEETING PLACE \*\*\*\*\*

Plans will be discussed about our club's participation in the Annual ARRL Field Day which will be held June 24-25th. There will be stations set up on all bands, Phone and CW. We will need people to man the stations so that they can operate all stations the full 24 hours. Be ready to sign up to either operate, log or possibly both. This is an opportunity for those who don't have there tickets yet to participate in a club activity. Al Robinson, W1BUT is this year's Field Day Chairman.

CONGRATS: Lin Hulin, W2GZZ, who came in the highest individual scorer in the Bell System Pioneer Eighth Annual QSO Party held Dec, 1972. He racked up an amazing 234 points!! BRAVO LIN.

Dave Brown now licensed as WN2OZO . Hope to see you on the air-Perhaps Field Day.

FOR SALE: Bay Rowen, W2GKF -464-5090, 4foot high, standard width, Bud Rack Cabinet New wheels, good condition.----\$20.

Harriet Larson is completing a course in Radio and Television Production. She has learned all the many jobs involved in producing a commercial radio and television program.

Royer Blair, former member of our club, and father of Bill Blair WB2OTL-a member, just retired from Bell Labs after almost 43 years of service. He joined Bell Labs in 1930 at the old Graybar-Varick facility. After World War II he transferred to Murray Hill. His latest position was in the exploratory interconnection technology dept., Whippany. He and his family will be moving to Arizona in the near future.

This will be the last newsletter until the September issue. We will be looking forward to seeing all of you at the next meeting and at Field Day. To those we don't see we wish you all a happy and healthy summer. See you next fall.

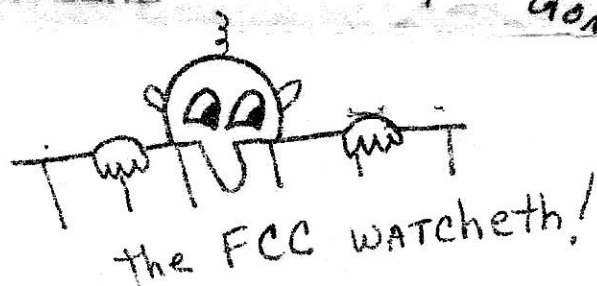

Please send me all the news that has happened this summer for the fall issue--Patty Weiner, 24 Northview Rd., N. Providence 464-9523
