Japan Trip-Pic At November 9th Meeting

Al Hirsch, K2SKV, will bring a slide photo tour of Japan to the next meeting. Al has just returned from an extensive tour of that interesting part of the Far East and may even have comments about the Yaesu manufacturing facilities.

Call For Nomination of Club Officers

Nomination of Officers for 1982 will take place at the next business meeting, November 9, 1981.

Draft Of New Club Constitution, Continued

A second publication of the proposed NPARC Constitutional rewrite will be made at the next meeting on Monday, November 9th. The program segment will follow the completion of Club business.

Plans For Holiday Dinner Party Announced

George Hanchett, W2YM, has made arrangements for another fabulous dinner party on December 4, 1981. The Friday evening festivities will start with a Social Hour from 6:00 to 7:30 PM. Then, a terrific dinner will be served at 7:30 with choice of beef or seafood entree. Following dessert and prize awards, we will hear of the development of Hi-Fi and Stereo from the inventor, Mr. Arthur C. Keller. Arthur Keller conducted the Bell Laboratories' "experiments in sound" with Leopold Stokowski and the Philadelphia Orchestra in 1931. These pioneering sound recordings will be demonstrated by Mr. Keller.

Fill in the reservation coupon below and send it with your check to George as soon as possible (not later than November 28th, please).
