It's Auction Time Again!

Our October 20th (note date) program will feature that intrepid auctioneer, Bay Rowan, who, with his helpers, will make available the best bargains in radio parts that can be found east of the Mississippi! Club Chatter

Remember that this month's meeting is on the 20th because of the holiday. Enclosed is a brochure covering a book authored by Ed Quinby, an honorary NPARC member. The 4th Monday technical meetings are going great with all sorts of projects being discussed. Best wishes to Bay Rowan's XYL who is in Overlook Hospital. Al Hirsch has a new Ringo Ranger two meter antenna. The Weiners have a new 450Mhz rig. WB2FUE and WB2FTQ won the Union County award in the August NJ QSO Party. Don't forget to bring your own surplus equipment to the auction and also \$! You may end up with a real bargain.
