

OCTOBER MEETING - OCTOBER 10, 1977, 7:10

Bob will describe and demonstrate several test and tuning instruments inspired by the use of sightless amateurs like himself, but useful to us all. AYL Linda, WA2EUN, will accompany him, and the word is that Bob's talks have been a hit. Don't miss out, Oct. 10, 7:10, in the New Providence library.

LICENSE CLASSIS

Frank Bob Craig, W23AL, and Deep Bob Brown, W2E13 are working on a novice course to start in October. Those interested should call 464-1368 or 464-7358.

CLUB MEETING

Peter O'Shea has a new extra class license and call, W2HK. He and Dave Letter, B2FUB, recently won a first place award in the recent J. QSO party contest. The program for the technical sessions on the fourth Mondays is under discussion. A micro processor course and technical sessions for new hams have been suggested. Congratulations to Jim Brown, WB2E00 who was elected VPARC secretary.

QO - QO LIST

The QO - QO contest hosted by WTL - Murray Hill will be the weekend of the 22nd and 23rd of October. Employees of WTL, E. Teletype Corporation, AT&T, and Long Lines are eligible. Bob Brown, W2E13, is the chairman and can supply contest details.
