

MOUNTAIN SPARK GAPS
NEW PROVIDENCE AMATEUR RADIO CLUB

Club Nets - Every Sunday - 145.8 MHz - RTTY- 8 PM / FM 9 PM

Sept 1983

Meeting September 12 -

Bill King, W2LTJ, will honor us with a surprise talk.

New Club Frequency -

The NPARC has changed its normal operating frequency. If you have not been able to locate anyone lately, try 145.75Mhz. Until further notice this will be used for all club functions. (Monitoring, RTTY, and the Sunday night Phone Net.

Picnic -

At the meeting on September 12, there will be a discussion on the club picnic.

Novice Class -

Once again the NPARC will present a class for those wishing to obtain a novice class ticket. The class will start Saturday, Oct 1 and run for 10 weeks. Classes will be held in the meeting room at the library each Saturday from 9:00AM to 11:00AM. For info call Dick, KA2PGY, at 464-8428.

Fox Hunt -

Also on the agenda will be plans for the final fox hunt of the year. If your not ready, you better start thinking about getting ready.
